

Basketball

Students will learn the basic rules and skills to play friendly games of basketball.

Mr Holstrom

Football/Ball Games

Football and other ball games will be a great way to let off excess energy at the end of the school day. We will play fun games in a social environment

Mr Sharry

Enterprising Artists

Calling all students who feel that they have a flair or interest in Art and Design and would like to showcase their talent!!!! Join Enterprising Artists

Students will work on collaborative/individual pieces of Artwork and Design using Doha as their inspiration, which will culminate in an Easter exhibition within a gallery context / a location in Doha highlighting the fantastic work of Compass Students as contemporary young Artists and Designers.

Miss Mhairi McAinsh

DRAMA

This club will focus on speaking in front of an audience, improvising, using props, working with play scripts, performing plays and scenarios. Most importantly it's about HAVING FUN!

Mrs. Gould

Table Tennis

This sport involves up to 4 players and will be a great opportunity to improve your hand/eye coordination. It is fast and lots of fun.

Mr Bomford

MUSIC

The Music with Signing Club is twofold, it involves students choosing a song they wish to learn how to play/sing and with the guidance of teacher, the students begin to source the instrumental parts, lyrics and excerpts of the songs on the internet. This is followed by students collaboratively listening to and analyzing the recording, with the aim of breaking it down to gain some understanding of the piece. They then begin to learn it. This Musical Futures approach was highly recommended in the Music Manifesto, it is designed to encourage and empower students to take learning into their own hands and to develop strategies on how to learn the music disciplines as independent learners, with teachers acting as facilitator or guide. The Signing element was added by me to give the students an awareness of people who essentially use other modes of communicating as a way of life, whilst at the same time arming them with an additional skill. Students in class seem to enjoy the signing element in their music lessons.

Miss Wright
